

Valley Crest Civic Association

January, 2016

Dear members of Valley Crest,

We're well into the New Year! How great and kind this weather has been to us!!

The Board met on January 5th to begin working on community issues and plans for 2016.

Welcome to our new neighbors! I hope you are enjoying this beautiful, peaceful community. **You are invited to participate in our upcoming events and to contact me with any questions or concerns about Valley Crest.** I look forward to meeting you!

All members of Valley Crest receive membership in the Greater Timonium Community Council and the Cockeysville Police and Community Relations Association. You will be contacted with newsletters and important information.

Because you have an active Association, two actions were recently taken on your behalf. First, and most importantly, **25 mph speed limit signs were installed on Ivy Church Road.**

This was done by the County in response to neighbor concern about speeding on Ivy Church Road. Thank you to Charlie Lerch for bringing this to my attention at the annual brunch meeting.

Secondly, our roads were swept by the county in December. How much better they look!

We have a Website...

www.valleycrestmd.com. If you are curious, **check it out** and give us some ideas for the site! Dan Taylor set this up many years ago and adds information as asked or needed. Thank you, Dan!

Our financial year has begun, and we are asking for payment of yearly dues of only \$35. Please **send the following form to our Treasurer, John Schultz** at 410 Ivy Church Road as soon as possible. **Your prompt payment would make the process of collecting dues so much easier! Take a moment now to write your check!!**

Continued...

Also, remember that, as **individual homeowners, we are part of a collective community**. How our homes look contributes to the quality of our neighborhood – and, of course, home values. The following list of suggestions can **add both enjoyment and curb appeal** to your home:

Painting doors, shutters, and garage doors

Upgrading your mailbox

Replacing outdoor light fixtures and poles, and

Maintaining your yard.

Thank you, and **HAPPY NEW YEAR!!**
